

Equity Action Plan (EAP)

Project Title:		Institutional Capacity Building Leading to Accreditation of College of Biotechnology, Meerut			
Name of the AU:		Sardar Vallabhbhai Patel University of Agriculture and Technology, Meerut-250110			
Date of project implementation:		1.04.2020			
Name of Nodal Officer (SS):		Dr. Prabhakar Kumar, Associate Professor, Department of Veterinary Anatomy, College of Veterinary & Animal Sciences, Sardar Vallabhbhai Patel University of Agriculture & Technology, Meerut - 250110 (UP), India, Contact No. 9412777943, Email.: drdablu@gmail.com			
S.No.	Item	Actions	Implementation Agency	Frequency	Monitoring Indicators
1.	To obtain accreditation of <i>National Agricultural Education Accreditation Board of ICAR</i> .	College will apply for the accreditation to national agricultural education accreditation board.	College of Biotechnology, SVPUAT, Meerut (UP)	Once at the end of project	Financial assistance from ICAR. Student intake through ICAR entrance exam. Improved laboratory facilities will improve student performance.
2.	Upgradation of existing laboratories to state-of-art facilities.	College will refurbish its existing laboratory facilities with quality instruments.	College of Biotechnology, SVPUAT, Meerut (UP)	Continuous	Will impart quality teaching, research, training and capacity building to students to improve their performance, research and placement.
3.	Establishment of experiential learning unit for entrepreneurship of students.	College will provide integrated laboratory facilities along with training and placement for students.	College of Biotechnology, SVPUAT, Meerut (UP)	Once during first year of project	Final year students will undergo vigorous training in VII th semester in student READY programme. Increased students performance rates and placement rates, disaggregated by gender and SC/ST.

Director Experiment Station
SVP University of Ag. & Tech.,
Meerut (U.P.)

4.	Establishment of lab animal facility for UG and PG students teaching and research.	Establishment of lab animal facility as per CPCSEA guidance to meet V th Dean Committee recommendations.	College of Biotechnology, SVPUAT, Meerut (UP)	Once during first year of project	Outcome will be in the form of lab animal based research and practicals, student training and exposure for better performance and placement irrespective of gender and SC/ST.
5.	Capacity building of faculty through specialized training.	College has developed a module to impart one semester in house training to all the final year students in student READY programme and their in-house projects during last semester.	College of Biotechnology, SVPUAT, Meerut (UP)	Continuous	Faculty: Improved research as indicated by quality publication, commercialization and patenting. Students: Increased student performance rates, and placement rates, disaggregated by gender and SC/ST.
6.	Initiation of collaborations with national/ international institutions of repute including industries to achieve research excellence and address regional and national goals.	Accreditation of college will open doors for the collaboration with national/ international institutions and reputed industries in the field of biotechnology.	College of Biotechnology, SVPUAT, Meerut (UP)	Continuous	Exposure of quality national/ international institutes and industries will improve research and teaching that will be indicated by quality publication, patenting and commercialization of technology. Similarly students exposure will lead to personality and skill development leading to increased number of student placement.

5.	Initiation of problem based collaborative research and investigations with national/ international institutes and industry.	College will provide integrated laboratory facilities and need based research facilities with industry problem solving mode.	College of Veterinary & Animal Sciences, SVP UAT, Meerut (UP)	Continuous	Faculty and post graduate students research will be helpful in solving the field oriented problems and reach to a solution.
6.	To undertake extension of knowledge and technologies through workshop and training programmes for field veterinarians and livestock owners.	Participation and interaction of faculty will be conducted to resolve the problems and exposure will be given on the work carried out in the college.	College of Veterinary & Animal Sciences, SVP UAT, Meerut (UP)	Continuous	Exposure of quality national/ international institutes and industries will improve research and teaching that will be indicated by quality publication, patenting and commercialization of technology. Similarly students exposure will lead to personality and skill development leading to increased number of student placement.
7.	Stakeholder/ industry participation plan	Continuous interaction between faculty and stakeholder/ industry participation will be obtained	College of Veterinary & Animal Sciences, SVP UAT, Meerut (UP)	Continuous	Need based research activities will be carried out so that field problems can be solved easily.
