

Webinar on “Navigating Pathways in Food Technology”

The **College of Post-Harvest Technology and Food Processing, Sardar Vallabhbhai Patel University of Agriculture & Technology (SVPUAT), Meerut**, organized an insightful webinar on **14th August 2025** on the theme “**Navigating Pathways in Food Technology.**”

The event was organized under the **visionary leadership of Hon’ble Vice Chancellor, Dr. K. K. Singh**, whose continuous guidance and encouragement have been instrumental in fostering academic excellence and global exposure for students. The program was held under the patronage of **Dr. Genitha Imanuel, Dean**, and coordinated by **Dr. Arun Kumar Gupta** and **Dr. Shweta Yadav**.

The session was delivered by **Ms. Urbi Pathak**, Senior Research Associate at **Lux, Amsterdam**, who shared her expertise on the **career avenues available to food technology graduates**. She elaborated on the multiple opportunities that lie ahead after pursuing **B. Tech in Food Technology**, including:

- **Higher education and fellowship programs** in India and abroad
- **Research prospects** in cutting-edge domains of food science and innovation
- **Job opportunities** across industries related to food processing, product development, and post-harvest technology
- **Emerging domains** where students can explore impactful and sustainable careers

The lecture proved to be highly beneficial for students, providing them with clarity on future pathways and motivating them to pursue careers in both **academic research** and **industry-driven roles**.

The college extends sincere gratitude to Ms. Pathak for her thought-provoking session and to all faculty members and students for their enthusiastic participation. Such initiatives reflect the university’s commitment to **empowering students with global perspectives and opportunities** in the field of food technology.
