

## Organic Research Block

### Organic Research Block:

**Name of OIC** Dr. Manoj Kumar Singh

**Contact Number** 94125 94969

**Email Id:** singhmk786@yahoo.in

Organic and natural farming are crucial for sustainable agriculture, focusing on improving soil health, conserving water, boosting biodiversity, and reducing pollution by avoiding synthetic chemicals, leading to healthier, chemical-free food, lower farmer costs, and better environmental resilience against climate change. Keeping in view, a organic block was developed in the university to conduct research and hands on training for farmers and students on organic and natural farming.
