ABOUT UNIVERSITY

Sardar Vallabhbhai Patel University of Agriculture & Technology established as a full-fledged University has unique honor of being called "First Agriculture University of the 21st century". Recently the university was awarded a Grade "A" by NAAC. It is committed with unique mandate of integrating education, research and extension so as to serve the rural people. The University was established on 2nd October 2000 under Uttar Pradesh Agriculture University Act (revised) 1958 gazette and notified vide 3204A/X12-8-2000 for augmenting the opportunities for education, research and outreach activities in the field of Agriculture, Veterinary Sciences, Biotechnology and Allied Sciences and overall development of the rural people of Uttar Pradesh.

ABOUT THE COLLEGE OF BIOTECHNOLOGY

The College of Biotechnology was established in the year 2004. Since its inception, the College of Biotechnology is engaged in teaching and research. It runs B. Tech. (Biotechnology) degree programme which is a four year programme since 2004, M.Tech./M.Sc. degree programme since 2008-09 and PhD since 2020. College is divided into 3 Divisions and one section as per the 5th Dean Committee of ICAR i.e., Plant Biotechnology, Microbial and Environmental Biotechnology, Animal Biotechnology and Bioinformatics Section.

ABOUT CST, U.P.

Council of Science and Technology, U.P. was established on 1st May, 1975 by the Government of Uttar Pradesh. The main aim of the Council is to promote overall development of Science & Technology in the State. Research Promotion; Technology Development, Upgradation and Transfer: Entrepreneurship Development; and Science and Technology Communication and Popularization are the main activities of the Council.

CENTRE OF EXCELLENCE IN AGRI-BIOTECHNOLOGY

The Centre of Excellence in Agri-Biotechnology established in the year 2010 jointly by the Council of Science & Technology, Government of Uttar Pradesh & Department of Biochemistry & Physiology, SVPUAT as a Centre for Advanced Research and Human Resource Development in the field of Agriculture Biotechnology. COE has a specific niche with a clear focus on research and applications of biotechnology to the region-specific crops and problems related to semi-arid to arid climatic conditions. The Centre's ultimate goal, however, is to achieve regional leadership in the field of biotechnological research and establish cooperative ties with national and international centers in order to help transfer and develop modern technology for the common good of mankind.
